

## Recording Oral Histories

6pm, Monday 8<sup>th</sup> February 2021  
 2pm, Wednesday 10<sup>th</sup> February 2021  
 10am, Friday 12<sup>th</sup> February 2021

This session will introduce volunteers to Oral Histories and methods of recording and using them. Participating chapels will receive a recording pack to assist them in gathering oral histories in their own communities.

Communities will have access to improved skills in historical recording and will feel more empowered to share their heritage stories with present and future audiences.

Volunteers will gain an improved understanding of the technical and legal aspects of community recording.

No IT ability is needed to be part of this project. Support in improving skills will be provided to all who want it.

Some of the activities we'll be talking about will require access to recording equipment. This will be provided to all participating chapels.

Start	Introduction by Viv Cooling, Local Community Officer
50min	What is an Oral History, and why record them?
	Introduction to the audio recording pack and supporting documentation available to all participating groups
	Who to record, where, and how.
	Legal considerations
	Group - what kind of local stories could we record?
10min	<i>Break - please leave your screen, stretch your legs and hydrate!</i>
50 min	Introduction to the Support Pack
	Preparing, conducting and concluding an Interview
	What to do with your recordings
	Editing your recordings
	Sharing your recordings
	Using recordings in the HCT Digital 2021 Project
	<i>Finish</i>
